## SHOE PRICES AS NOW DETERMINED BY GOVERNMENT

Information on the conditions in the boot and shoe business which may be expected within a few months is contained in a message which Guy Clark, manager of the I. L. Clark & Sons shoe store, has received from C. F. C. Stout, chief of the division of hide, leather and leather goods of the War Industries board.

Shoes are to be classed hereafter in three divisions based on prices, those from \$3 to \$5.50; those from \$6 to \$8.50 and those from \$9 to \$12. Mr. Clark said, in explaining the situation.

"Reports received by C. F. C. Stout, chief of the division of hide, leather and leather goods of the war industries board, who is charged with the duty of putting into effect the new price regulations introduced by the boot and shoe industry, show that satisfactory progress is being made toward the establishment of the new price scale.

"This scale is divided into three classes, with the lowest minimum at \$3 and the highest maximum at \$12. Class 'C' has a 'spread' from \$3 to \$5.50; Class 'B' a 'spread' from \$6 to \$8.50; Class 'A' a 'spread' from \$9 to \$12.

"Into class 'C' will fall 28 per cent of the total output of the industry; Class 'B' will include 54 per cent of the total output and class 'A' about 18 per cent.

"Orders now in the factory are for spring delivery, so it follows that there will be a certain portion of the product offered for sale to the spring trade at a price in excess of \$12.

"To permit these articles to be cleaned out and also to permit of the disposal of the present stocks priced above the top minimum, it has been agreed that those retailers specializing in high-priced goods shall be given until June 1 to liquidate all their stocks above the class 'A' maximum.

"In this connection, Mr. Stout desires to call the public's attention to the fact that, up to the time limit set, there is no restriction whatsoever placed upon either the sale or purchase of these high-priced goods. On the contrary, those who can afford to buy them may be quite free to do so, since by so doing they will be co-operating in the liquidation of the high-priced stocks now on hand which, were they not disposed of, would work a great hardship to the trade. The public's attention is directed to the fact that there would be no economic purpose served should the public fail to co-operate in the assimilation of the stocks on hand up to June 1 that do not fall within the range limits.

"In accepting the plan, Bernard M. Baruch, chairman of the war service committees of the industry.

"Of course, it is understood that the quality and workmanship of these shoes are to be maintained to the fullest degree consistent with the new price schedule."

Arthur D. Anderson, editor of the

Boot and Shoe Recorder, states: "The human interest in shoe prices is universal. No nation on the face of the globe gives to its people footwear as cheap in price, in comparison with the daily wage, as does the United States.

"There is style—there is service—there is economy—in a good shoe. Its price is usually an index of its worth to you."

## SMALL VOTE IS BEING CAST IN THE FIFTY- TWO DISTRICTS

There will probably be 2000 qualified voters who will not cast a ballot today in Weber County, according to party leaders, because of the many men who are away in military or government service and on account of the influenza epidemic. For this reason a very light vote is expected although sharp interest is anticipated among those who vote.

Party prognostications on both sides lean toward the belief that Wattles will carry Weber county by a very comfortable majority but that Box Elder county and Cache county, usually dependably Republican, will generally support Wellings.

A general belief exists that the amendments, one, two and three, will not receive the attention of over 60 per cent of the voters because of a quite general ignorance of all details of them.

## Society

Mrs. George Lucas, 346 Twenty-eighth street, has returned to Ogden after visiting at her former home in Council Grove, Kan. Mrs. Lucas was called home to see her brother, Ross L. Gray, who left October 20 for Camp Travis, Tex. Mr. Gray is an expert truck driver and will go in that branch of the service.

## ELECTION NEWS NOT EXCITING

**SALT LAKE CITY, Utah, Nov. 5.**—Despite a heavy snowfall which was said to be general over the state, Utah voters tramped to the polls today to elect two congressmen and three supreme court justices. A heavy vote was anticipated. Both Republicans and Democrats were confident of victory.

**PHOENIX, Ariz., Nov. 5.**—Interest in the election in Arizona centers chiefly in the contest for governor. Owing to influenza a light vote is expected.

## ELIAS BOWEN, STRUCK BY A TRUCK, IS INJURED

## BRASSARDS TO BE GIVEN TO THE RELATIVES OF SOLDIER BOYS LOST IN THE GREAT CONFLICT

Elias A. Bowen, 467 Second street, a night watchman for many years for Becker Manufacturing company, is confined to his home suffering of injuries which he received last Saturday night when his carriage was struck by an automobile truck at the corner of Seventeenth street and Washington avenue. Mr. Bowen received serious injury to his side, a badly cut head and minor bruises and cuts. A youngster whom he had picked up on the road was thrown from his buggy to the radiator of the truck which struck them.

When the collision occurred Mr. Bowen's horse ran away and demolished the buggy.

Mr. Bowen was driving south along Washington, about 7 p. m. Saturday, almost behind two automobiles which were going south. He was near the west side of the road. A truck, said to have been driven by a member of the Dumke Floral company's firm, Hudson and Seventeenth street, was proceeding north and started at Seventeenth street to turn west, closely behind the two automobiles which had Mr. Bowen. The result was that the buggy was struck broadside with considerable force. The injured man was rushed to a doctor's office in the truck and did not regain consciousness for several minutes.

After having his hurts attended he was sent home, but is still confined to his bed.

The Red Cross has received official notice of the mourning brassards to be worn by the near relatives of the soldiers who have passed away. These brassards are made by the government and are worn on the sleeve of the near relatives of the boys who have "gone west." The Red Cross is the ordering agent and any wife or parent of a soldier boy can secure the brassard free by application at the Red Cross rooms, where the name will be taken and sent into Denver and the brassard returned. Other than parents and widows of the boys who have won the gold

stars, other near relatives can have the brassards upon payment of the government cost, which is 65 cents.

The names of those wearing must be sent to headquarters and an accounting made of each brassard. The brassards must be ordered through the local Red Cross. No one is allowed to make their own brassards. The government intends that these brassards shall be maintained as a distinctive honor. As the brassards will have to be ordered individually from Denver, it will take some few days to secure them after the names are given to the local chapter of the Red Cross.
